USPA NEWS - UK MPs Action to Summon Elon Musk to face Parliament is Shameful, Double Standard & Hypocrisy

British Members of Parliament want to grill the world's richest and greatest business tycoon and philanthropist Elon Musk. The UK MPs are demanding that Elon Musk must appear before the British Parliament Select Committee. The Cross-Party Members of Parliament want an opportunity to grill Elon Musk to explain the role of spreading false and harmful contents published on "X" (formerly Twitter), said Shazada Hayat President UICF (UK) and international community welfare campaigner.

Whilst it is a fact that Elon Musk is the owner of the social platform "X", however, he is not the managing director and/ or the editor of the published contents. The editorial on "X" is in the hands of the public at large and controlled by the public at large. This clearly means "X" publication is very hard to control and manage millions of publications on "X". Therefore, prevention is very hard until the damage is already done by what has been published. It is a fact that there are much worse publications on social media, including on the television and leading print media.

These MPs have deliberately chosen "X" and not other much worse offenders to target,

The reason is clear for being vindictive and victimisation of Elon Musk by the many British Members of parliament, because of Elon Musk's die-hard support for the President Elect Donlad Trump. It is beyond belief of the world and the great British peace-loving public, the fact that these UK MPs want to grill Elon Musk and not the evil tyrant Prime Minister Benjamin Netanyahu. As PM Netanyahu is seen by the world as the worst evil tyrant ever in history. He has ordered the indiscriminate slaughter of the defenceless Palestinian men, women and children in Gaza.

The defenceless mothers, fathers and young children have been bombed and buried alive in their homes under tonnes of rubble of the destruction. Many have been burnt alive. The survivors of the horrific carnage, with severe injuries and wounds, are unable to get medical treatment. If all that blood of the innocent victims was not enough to quench the thirst of evil PM Benjamin Netanyahu, he has also blocked food supplies and cut off water supplies to the horrified victims. These combined evil acts of PM Benjamin Netanyahu are the worst crimes against humanity ever witnessed and carried out. This carnage of the heinous crime of
genocide has seen the slaughter of 50,000 Palestinians in Gaza and Lebanon, mostly young children.

The United Nations has declared Gaza as hell on Earth, the worst in history, worse than any other previous crimes against humanity ever carried out in the world. There is now even a warrant of arrest on the PM Benjamin Netanyahu by the International Criminal Court.

Despite all this evil act of genocide by PM Benjamin Netanyahu, most of these British MPs have flagrantly turned the other cheek. Not only this, but what is more disgusting is they have supported supplying arms to the tyrant PM Benjamin Netanyahu, so that he may continue with his heinous genocide. What is also more evil, is the fact that most of these MPs voted against a ceasefire. Therefore, the world and the great peace-loving public, including the peace-loving Jews, find the action of these UK MPs as shocking and despicable. Most of these British MPs have sold their souls and their dignity for greed, and ulterior motives. What is more alarming is that they have compromised Britain's national and security interests.

The irony is, these MPs have the audacity to want and to grill Elon Musk regarding something that was published on a social media. At the other end of the spectrum, there is an evil tyrant PM Benjamin Netanyahu, who is still committing the most heinous crimes against humanity. What is more disturbing and disgusting is they have supported the supplying of arms to the tyrant PM Benjamin Netanyahu, so that he may continue with his genocide.

Shazada Hayat said, Most of these MP's know full well Elon Musk is a great asset to humanity. Elon Musk employs millions of people around the world, as the world's most outstanding and richest business tycoon. As a philanthropist, he has built hospitals, schools and social housing for the public. He is the biggest taxpayer in the world. This income tax revenue is used for the benefit of public welfare.

Elon Musk is the biggest investor in the future, technology and the environment for the benefit of humanity. These MPs and ministers, today, have brought shame on Great Britain.

Britain, is a nation that prides itself on justice, liberty and democracy. Prime Minister Sir Winston Churchill, President Franklin D. Roosevelt and Joseph Stalin joined forces to take on Hitler and his Nazi War Machine, because Hitler was carrying out war crimes and genocide. If we compare this today, the Ex-British Prime Minister Rishi Sunak and the outgoing US President Joe Biden, for over a year been supporting the tyrant PM Benjamin Netanyahu and they have been providing him with arms to carry out the war crimes and genocide in Gaza. These are the opposite moral values that of the world leaders in the second world war, in which my dear father fought to bring an end to Adolph Hitler and his war machine.
Therefore, Britain's MPs are urged to keep their hands off philanthropist Elon Musk, and put the same hands around the neck of the most notorious evil tyrant in history, PM Benjamin Netanyahu,
said Shazada Hayat.
